

"Island Breeze" Lyrics.

[Verse]

Were on an island, away from all the noise

The ocean calling, waves crash with perfect poise (ooh-yeah)

Sunsets painting colors, like a vivid dream

Rota's beauty, flowing through our hearts like a stream

(ooh-ooh)

[Chorus]

Feel the island breeze, its taking us higher (higher)

Lost in the moment, our souls -catching fire (fire)

We're free to roam, with the sand between our toes (toes)

Rota, our island home, where paradise just always glows

(whoa-oh-oh)
